

What will I study?

Advanced Higher : You will choose only one area to investigate in-depth over the whole year, either Expressive OR Design.

There are two compulsory units, followed by a folio of work and a critical submission - no exam.

An Advanced higher folio can be used as part of your Art college submission.

Portfolio : This is an option for students who do not need the AH qualification but want to spend time in S6 keeping up their art skills or for students who are applying for an art related course that needs a variety of both expressive and design mini folios.

We recommend that all S6 students applying for art college attend life drawing classes to supplement their folios.

What skills will I develop?

You will develop :-

- a capacity to work independently
- an ability to critically reflect and evaluate your own work
- time management. You will be spending a lot of time in the portfolio room

How will I be assessed?

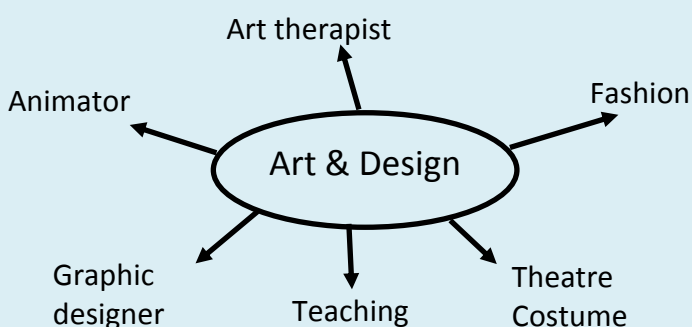

You will be assessed by your teacher for the units and your edited folio will then be sent to the SQA to be marked.

What help is Advanced Higher Art after school?

It can be used as a folio for art college application or for a portfolio development course.

It's UCAS points will count towards any University course.
