

## What will I study?

The course structure remains the same as the National course. With an Expressive and Design practical folio and supporting critical studies.

### So what's different?

Your practical work needs to be of a higher standard and quality. The critical studies component is more demanding and has a greater proportion of the overall marks.

## What skills will I develop?

The capacity to use Expressive and Design materials in a creative & skilful way.

An ability to understand and analyse the impact of artists and designers creative choices in their works.

An ability to understand and analyse the influences of social , cultural and historical factors in artists/ designers practice.

## How will I be assessed?

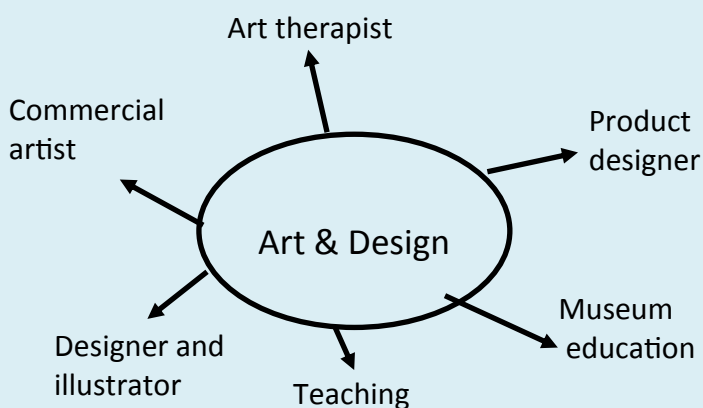

Your practical folio's will be sent away to be externally marked by the SQA.

You will sit a critical written exam.

## What help is Higher Art after school?

Lots ! Employers are looking for people who are creative, can think on their feet and can problem solve, regardless of your chosen occupation. Having Higher art indicates to a college/ university or employer that you are outward thinking , reflective and a bigger picture thinker.

## Possible Careers
