

## What will I study?

This course offers pupils an opportunity to gain further qualifications to support them as they move into the world of work. The course will focus on three main areas:

- Behaviour in the workplace
- Preparing for the workplace
- Building your own employability skills

Within these three areas there will be a chance to gain qualifications at level 4 and level 5. Additionally, there will be opportunities for site visits to local employers and support to pursue work experience or apply for full or part time employment. This course will be bespoke to the group each year so the exact structure of the course will be confirmed once the class is finalised.

## What skills will I develop?

Employability skills may include -

- CV writing
- Completing application forms
- Interview skills
- Responsibilities of employment
- Dealing with work situations

Relevant Work Experience

## How will I be assessed?

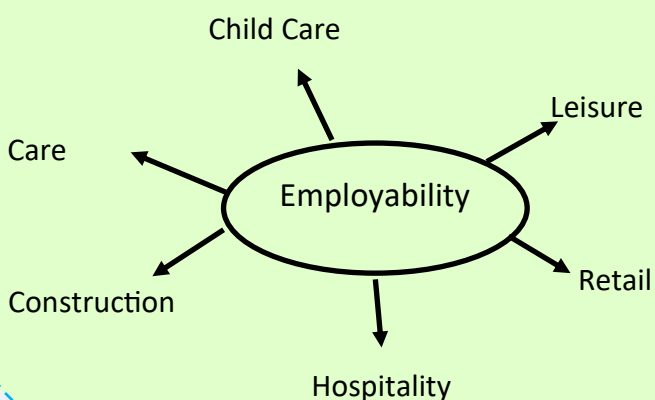

**Level 5**

**Level 4** units are assessed in school by your class teacher

## What can I go on and study in fifth and sixth year?

This course is designed for those pupils intending to leave school.

## Possible Careers
