

What will I study?

There are three units of study:

Unit 1: Waves and Radiation. Learn about the application of waves and radiation in our lives.

Unit 2: Nature's Chemistry. Learn about the applications of nature's chemistry on our lives.

Unit 3: Human Health. Learn about the human body, diet and nutrition.

Unit 4: Practical skills and Health Sector: Life Science Industry. Learn about the range of product types made by the life sciences industry and gain basic laboratory practical skills.

What skills will I develop?

A range of skills will be developed throughout the course. Some of the skills are listed below:

- Applying knowledge.
- Scientific inquiry and investigative.
- Scientific analytical thinking
- Problem solving.
- Independent working.
- Use and understand scientific literacy in everyday contexts.
- Planning

How will I be assessed?

L 4 units are assessed in school by your class teacher.

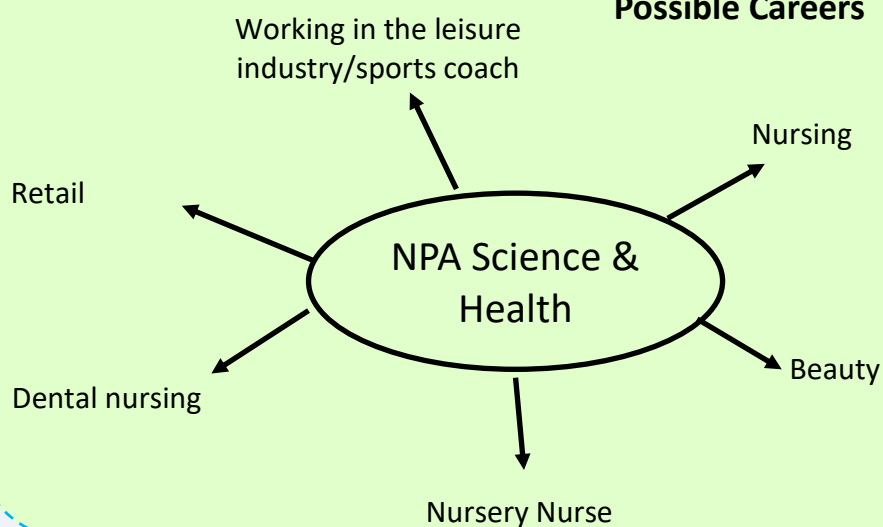

What can I go on and study in fifth and sixth year?

Level 4 → National 4
Biology, Chemistry,
Physics.

Level 4 → Level 5 Health
Sector

Level 4 → Level 5 Energy

Possible Careers
